**Please note:** Our band and orchestra music is now being collated by an automatic high-speed system. The enclosed parts are now sorted by page count, rather than score order.

This piece will become a band and director favorite with its infectious melody and exciting percussion feature. Break out the buckets and garbage cans for this one, as they will be taking center stage making music in the construction zone. While the main course is percussion, every member of the band plays an important role in the piece and it has many valuable teaching moments. Standard percussion instruments can be substituted and are marked in the score.
